Donkey

Inspiration Kit

Constructed by Wanda Shorty

Kit Includes Enough Glass for 1 Donkey

Next in our nativity scene is the donkey. The pattern is the correct size and scale with the other patterns in this series.

The Materials List contains what is needed for 1 donkey.

The base is two pieces. Finish foiling and soldering the donkey then foil and solder the base pieces. Tack the base pieces to either side of the donkey and solder all three together.

For the Eye and Nose, we used a Fine Point black Milwaukee Marker. (100518568) You could use paint or solder also.

IMPORTANT: When Printing please make **Actual Size** and NOT Fit to Paper.

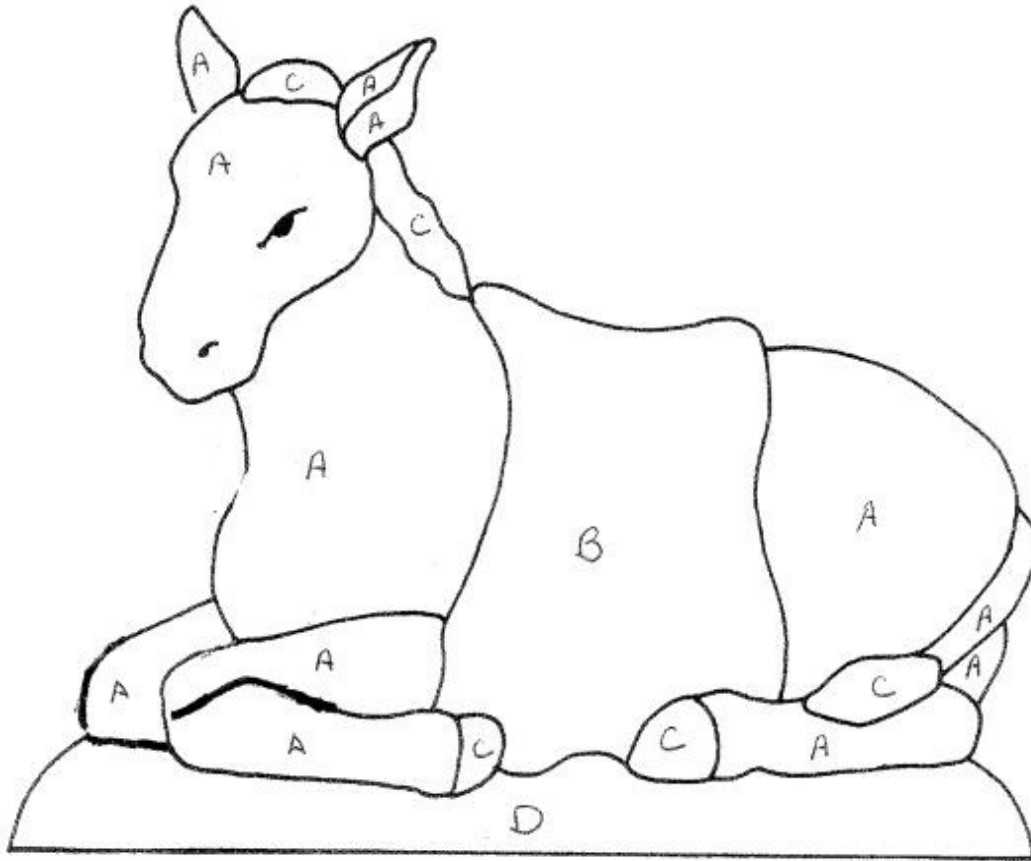

Materials List

- A.— 1/2 sq. ft—(ARM10SO) Armstrong 10SO Grey Solid Opal
- B.— 1/4 sq. ft—(FB3591) Firebox Red Streaky
- C.— 1/4 sq. ft (WBLACK) Wissmach Black Opal
- D.— 1/4 sq. ft—(OF9631805) Oceanside Lt Amber Lamp Mix
- E.— 2"x 6" - (WG2) - 1/8 Clear Glass

Foil, solder and patina are not included. We used Jax Black Patina.

Pattern Is True To Size In Keeping With Our Nativity Scene
