### Glass Suggestions (included with kit)

A – Wissmach Royalty Red English Muffle (EM4923)

2 – 2.5" x 2.5" Squares

B – Clear Floral Texture Glass (FLOWER)

1 – 2.5" x 2.5" Square

### Other Materials (included with kit)

C – 1 ft. of 16 Gauge Tinned Wire (452016)

D – 2 Brass Medium Corner Filigree

### Other Materials Needed (not included with kit)

Copper foil, flux, patina, and solder

### Notes

Attaching the tinned wire: Leave enough wire at both ends to extend the length of the filigree. Twist wire in the middle. Tack one end of the wire to the front of the heart and the other end to the back. Lay down filigree and solder to the heart trying to ensure wire blends in.
